JUST THE RIGHT FIT FOR YOUR CONGREGATION

At OSV, we know that one size doesn't fit all. Select the right fit for your parish from three distinct website offerings:

Instant Website: Powered by a simple editor tool, your church staff can independently populate a one-page website in minutes, without advanced technological or design skills. Instant websites are an ideal solution for mission parishes, oratories, or small churches seeking a simple online presence. Showcase key information like Mass times, contact information, upcoming events, and how to give.

Classic Website: A content-rich, multi-page website experience that provides a high degree of customization, classic websites fully reflect your parish's personality. Select from one of several full-width, mobile-responsive templates and use a simple drag-and-drop editor to build out your church's multi-page website.

Faith-in-Action Website: Form, inform, and inspire your parishioners with a beautiful multi-page website experience, in addition to 30 prebuilt pages of content on the Catholic faith. Benefit from regularly changing content, so that you don't have to always write your own.

Tailored Messaging

Your OSV website can react to site visitors with tailored messaging based on criteria such as: number of visits, geographic location of the visitor, and even the time of day. This enables your parish to display Mass times to people near your parish, share holiday messages, welcome visitors who have never come to the site before, and display special notices leading up to events.

Dynamic Content*

Benefit from 30 prebuilt pages of content on the Catholic faith, as well as rotating content from OSV, so you don't always have to write your own.

**Available for Faith-in-Action websites only*

Site Statistics

Integrated, easy to understand analytics are built directly into our platform. See how many people are visiting, what pages are being visited the most, what browsers and mobile devices they are coming from, and more. Your parish can also monitor engagement with your tailored messaging to evaluate its effectiveness.

Multi-Language Support

OSV Websites come with the integrated ability to support 68 languages. You can select which languages to offer your parishioners through a simple dropdown on your site. Translations can be automatically translated by Google or entered manually by a fluent speaker.
